Overview of cost definitions and costing methods by James Ruth (jamesbennettruth@gmail.com) 1. Cost

Definitions Cost: The total money, time, and resources associated with a purchase or activity. Fixed cost: Includes all costs that do not vary with activity for an accounting period. Fixed costs are, at any time, the inevitable costs that must be paid regardless of the level

### **Overview of cost definitions and methodologies by James Ruth**

Environmental management accounting uses some standard accountancy techniques to identify, analyse, manage and hopefully reduce environmental costs in a way that provides mutual benefit to the company and the environment, although sometimes it is only possible to provide benefit to one of these parties.
