While using the standard elves, dwarves, dragons, and other usual suspects in fantasy fiction is fine, and
maybe even a wise idea, authors sometimes want to create their own races. As someone who's created
seven species (I use that term instead), I've listed some considerations that may help you do the same.

How to Create Fantasy Races or Species, Part 1

Master List of "Stock" Fantasy Races (And Creatures?) Discussion in 'World Building' started by Mindfire,

Species name generator . This name generator will give you 10 random names for species of pretty much anything you want, be it humanoids, animals or even plants. The names are based mostly on Latin-rooted names like canidae, aves and suidae, as well as adjectives for animals like simian, ursine and similar terms.

Species name generator

For geeks and nerds, artists, writers, philosophers, politicians and scientists alike: the creation of new worlds and new universes has been a key element of science fiction and fantasy.

What are common fantasy races besides humans, elves

When writing fantasy, many writers choose to set their novels in a fantasy world. If this is the case, you will need different fantasy races to live there. While some prefer to just stick to well known fantasy races, others choose to create their own race.
