Assassin's Gambit is fantasy romance, but Amy includes a strong subplot of political upheaval, betrayal, and battle strategy. There's plenty of adventure along with the romance. You'll be caught up in the story if I am one of the lucky people who saw this story in its raw form.

**Review: Assassin's Gambit ( Hearts - Urban Smoothie Read**

Assassin's Gambit delivers a perfect, high-stakes story of clashing empires along with a love story so tender and realistic it left me breathless. First, the world-building. Amy Raby is a debut author, but her exceptional economy of words is on par with the pros of fantasy writing.

This is the first of a strong fantasy series. I recommend Assassin's Gambit to fantasy romance fans. If it doesn't have the heft of other politics-murder-sex series like Anne Bishop's Jewels or Jacqueline Carey's Kushiel books, it still has a great setting and protagonists worth rooting for. I will definitely be waiting for Hearts and Thrones #2.
