Meaning and Silence in Language and Translation Melanie Sard What role does translation play in philosophy of language? Recent development in the field has drawn parallels between theories of translation and theories of meaning, evident primarily in the work of Davidson and Quine. Communication has often been viewed as an act

## **Reflected Words: Meaning and Silence in Language and**

How will language react to the increasingly urgent claims of more exact speech such as mathematics and symbolic notation? These are some of the questions Steiner addresses in this elegantly written book, first published in 1967 to international acclaim.
