Monopoly is a board game in which players roll two six-sided dice to move around the game board, buying and trading properties, and developing them with houses and hotels. Players collect rent from their opponents, with the goal being to drive them into bankruptcy. Money can also be gained or lost through Chance and Community Chest cards, and tax squares; players can end up in jail, which they ...

In cryptography, a certificate authority or certification authority (CA) is an entity that issues digital certificates. A digital certificate certifies the ownership of a public key by the named subject of the certificate. This allows others (relying parties) to rely upon signatures or on assertions made about the private key that corresponds to the certified public key.

Cease "no. Significant decline is what I expect. This Bakken shale play is too complex to safely predict black and white answers. For example, while drilling in "remote" locations would generally tend to be non-profitable (if the only change was in the price of oil), there are already predictions of significant drops in the cost of drilling Bakken wells (as fewer drilling and service ...
