

optimal birth what why pdf

Why don't authorities advocate a sufficient reduction in cholesterol down to safe levels? No matter where we live, how old we are, or what we look like, health researchers have discovered that 90% of risk for having a first heart attack can be attributed to nine modifiable risk factors. The nine ...

Evidence Confirms Birth Centers Provide Top-Notch Care. by Rebecca Dekker, PhD, RN, APRN for the American Association of Birth Centers, January 31, 2013.. We have reached a dramatic cross-road when it comes to maternity care in the U.S. Will we, as a country, continue on our current path of rising C-section rates, excessive costs, and poorer maternal outcomes than 33 other first-world countries?[]

National Birth Center Study II - American Association of

The World Health Organization (WHO) released a new international growth standard statistical distribution in 2006, which describes the growth of children ages 0 to 59 months living in environments believed to support what WHO researchers view as optimal growth of children in six countries throughout the world, including the U.S.

Thyroid Scale Overview. Dr. Rind's Thyroid Scale is a method of evaluating thyroid lab data (TSH, Free T4, and Free T3) relative to optimal values as well as each other to provide a clearer view of what is going on as opposed to simply looking at whether lab values are "normal" or not.

Thyroid Scale Overview - DrRind.com

Childbirth, also known as labour and delivery, is the ending of a pregnancy by one or more babies leaving a woman's uterus by vaginal passage or Caesarean section. In 2015, there were about 135 million births globally. About 15 million were born before 37 weeks of gestation, while between 3 and 12% were born after 42 weeks. In the developed world most deliveries occur in hospitals, while in ...

Childbirth - Wikipedia

A home birth is an act of giving birth in one's own home. Prior to the advent of modern medicine, a residence or where the mother found shelter, rather than a hospital or dedicated birthing center, was the default type of birth location.
