An organizational structure defines how activities such as task allocation, coordination and supervision are directed toward the achievement of organizational aims. Organizations need to be efficient, flexible, innovative and caring in order to achieve a sustainable competitive advantage. Organizational structure can also be considered as the viewing glass or perspective through which ...

Self-Determination Theory (SDT) is a theory of motivation.. It is concerned with supporting our natural or intrinsic tendencies to behave in effective and healthy ways. SDT has been researched and practiced by a network of researchers around the world.. The theory was initially developed by Edward L. Deci and Richard M. Ryan, and has been elaborated and refined by scholars from many countries.

Firms are usually best off with a portfolio that has a balance of firms in each category. The cash cows tend to generate cash but require little future investment. On the other hand, stars generate some cash, but even more cash is needed to invest in the futureâ€”for research and development, marketing campaigns, and building new manufacturing facilities.
