States Must Support the ICC's Use of New Technology for Outreach The ICC's implementation of outreach could benefit from developments in new forms of technology. In order to assess the use of such new tools in designing effective outreach strategies, the ICC must first conduct mapping exercises to determine the level of access and technology infrastructure within a given community.

The particular focus of How Children Succeed was the role that a group of factors often referred to as noncognitive or "soft" skills – qualities like perseverance, conscientiousness, self-control, and optimism – play in the challenges poor children face and the strategies that might help them succeed. These qualities, which are also sometimes called character strengths, have in recent ...

Link building is one of the most challenging aspects of SEO. But it also has a HUGE impact on where your site ranks in the SERPs. (this has been shown time and time again in pretty much every ranking factors study). Some people, however, still argue that Google’s reliance on backlinks is diminishing, but let’s be real here: Backlinks aren’t going anywhere any time soon.
