

participatory approaches to environmental pdf

Participatory management is the practice of empowering members of a group, such as employees of a company or citizens of a community, to participate in organizational decision making. It is used as an alternative to traditional vertical management structures, which has shown to be less effective as participants are growing less interested in their leader's expectations due to a lack of ...

Participatory management - Wikipedia

Participatory action research (PAR) is an approach to research in communities that emphasizes participation and action. It seeks to understand the world by trying to change it, collaboratively and following reflection. PAR emphasizes collective inquiry and experimentation grounded in experience and social history.
