

political ideologies an introduction pdf

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons.. The term was coined by Antoine Destutt de Tracy in 1796, who conceived it as the "science of ideas". In contemporary philosophy it is narrower in scope than that original concept, or the ideas expressed in broad concepts such as worldview, imaginary and ontology.

Politics (from Greek: ἡ πολιτική, translit. Politikḗ, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...
