Amazon.com: Cost Accounting, Global Edition eBook: Madhav

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

The private finance initiative (PFI) is a way of creating "publicâ€“private partnerships" (PPPs) where private firms are contracted to complete and manage public projects. Developed initially by the governments of Australia and the United Kingdom, and used extensively there and in Spain, PFI and its variants have now been adopted in many countries as part of the wider programme of ...
