Biological Sciences Department at Michigan Tech offers a wide selection of undergraduate and graduate degree programs in Biological Sciences including Medical Laboratory Science, Medical, Pre-Med and Bioinformatics fields.

Biological Sciences | Michigan Technological University

Bioenergetics is a field in biochemistry and cell biology that concerns energy flow through living systems. This is an active area of biological research that includes the study of the transformation of energy in living organisms and the study of thousands of different cellular processes such as cellular respiration and the many other metabolic and enzymatic processes that lead to production ...

Bioenergetics - Wikipedia

The history of biochemistry can be said to have started with the ancient Greeks who were interested in the composition and processes of life, although biochemistry as a specific scientific discipline has its beginning around the early 19th century. Some argued that the beginning of biochemistry may have been the discovery of the first enzyme, diastase (today called amylase), in 1833 by Anselme ...
