Best Online Software Testing Training Course

Software testing is an investigation conducted to provide stakeholders with information about the quality of the software product or service under test. Software testing can also provide an objective, independent view of the software to allow the business to appreciate and understand the risks of software implementation.

Portal:Software testing - Wikipedia

The International Software Testing Qualifications Board (ISTQB) is a software testing qualification certification organisation that operates internationally. Founded in Edinburgh in November 2002, ISTQB is a non-profit association legally registered in Belgium. ISTQB Certified Tester is a standardized qualification for software testers and the certification is offered by the ISTQB. The ...
