This form can help you determine which intelligences are strongest for you. If you're a teacher or tutor, you can also use it to find out which intelligences your learner uses most often.

### **Multiple Intelligences -- Assessment**

Psychological testing is the administration of psychological tests, which are designed to be "an objective and standardized measure of a sample of behavior". The term sample of behavior refers to an individual's performance on tasks that have usually been prescribed beforehand. The samples of behavior that make up a paper-and-pencil test, the most common type of test, are a series of items.
